A REPORT OF THE ACTIVITIES REALIZED FROM DECEMBER 2015 TO MARCH 2016

<u>WP1 - 1.2. Creating and regular updating database of stakeholders related to education on</u> <u>sustainable cities in Montenegro and Germany</u>

• **Creating a database** of stakeholders in Montenegro and Germany An internal database of stakeholder in Montenegro and Germany has been initiated and posted in a Dropbox which is shared by all the partners, so that they can regularly update it with new contacts.

The database contains contacts of teachers, schools, kindergartens, decision makers, NGOs, media representatives (daily news, electronic media, TV...) and other relevant stakeholders. It will be regularly updated during the course of the project and posted on the project website as soon as it is designed.

• First partners meeting in Montenegro

The first partners' meeting was organized from 8 to 10 March 2016 in Kotor and Podgorica. It was planned to coincide with the kick-off event, so that the partners from Germany could attend it.

The partners from Germany also had a chance to learn about the local context in Montenegro when education about sustainable development is concerned. They had meetings with several stakeholders in education field:

- on 9 March 2016, from 1.30 p.m. to 4 p.m. – a meeting was held with representatives of the Public Institution for Preschool Education – Kindergarten "Djina Vrbica" in Golubovci, Podgorca, which will be a pilot kindergarten for the activities planned within **WP3** - **3.3. Conducting practical activities with children in pilot kindergartens, primary and high-schools in southern, central and northern Montenegro**.

The meeting was attended by representatives of the kindergarten (Nataša Tomović Golubović, the principal and a team of teachers), of JAS (Päivi Kataikko and Britta Grotkamp), of the Bureau for Education Services of Montenegro (Nevena Čabrilo) and of Expeditio (Tatjana Rajić, Biljana Gligorić, Maja Krivokapićc and Vesna Leković).

While having a tour of the kindergarten and seeing all the classes the guests were acquainted with the organization, work and activities of the kindergarten, while Montenegrin hosts had a chance to learn more about education system and schools in Germany.

- on 10 March 2016, from 8.30 a.m. to 9.30 a.m. – a meeting was held with representatives of the Pubic Institution Primary School "Sutjeska" in Podgorica, which will be a pilot school for the activities WP3 stated above.

During the meeting, the activities of the project SCHOOL4CITY were presented in more detail, as well as the activities currently implemented in the Primary School "Sutjeska". During the course of the project this school will undergo a process of reconstruction, which is also taking place in many schools in Germany. The guest also had a chance to learn about the quality assurance assessment, conducted by a team of supervisors and undertaken once in four years, which was taking place in the school. At the end of the meeting it was jointly concluded that the project SCHOOL4CITY will present both good experience and a great challenge for all involved parties.
